## EIEV TIMING SYSTEM : PERFOMANCE IN GROUP VII CHAMPIONSHIP 04/01/2025

The **Group 7 Championship**, held on January 4, 2025, at the **Butheeb International Endurance Village**, demonstrated the indispensable role of the **Emirates International Endurance Village timing system**. As the backbone of the event, the system ensured **flawless race tracking**, from start to finish, providing **real-time updates**, **precise timing**, and **transparent results**. Without this **cutting-edge technology**, managing the complexities of such a high-caliber competition would be tricky.

The **EIEV timing system's unparalleled reliability and efficiency** have become a cornerstone of endurance racing, reinforcing its status as a **critical component in delivering seamless, world-class events**.

## EIEV MOBILE APP: A NEW ADDITION FOR TOP NOTCH TECHNOLOGY MANAGEMENT

29/12/2024

The **Emirates International Endurance Village** has unveiled **its new spec in their innovative mobile application**, designed to revolutionize the experience for **endurance race participants, organizers, and enthusiasts**. The app provides real-time race tracking, instant access to results, and updates on upcoming events, enhancing convenience and engagement. Its **user-friendly interface ensures seamless navigation**, offering a centralized platform for critical **race-day information** and **participant management**. This technological advancement underscores **EIEV's commitment to integrating modern solutions** with the rich tradition of endurance racing, setting **new benchmarks in the equestrian sports industry**.
